This exhibition brings the Sistine Chapel to Sydney utilising cutting-edge projection technology and high-resolution imagery sourced directly from the Vatican archives. It unfolds across two distinct spaces:

**1. THE INTRODUCTORY GALLERY**

This space is made up of several rooms that provide an educational and visual tour of significant features of the Sistine Chapel including its history, architecture, artistic features, papal conclaves, and other details that make it the worldwide tourist attraction it is today.

**2. THE IMMERSIVE PROJECTION CHAMBER**

Be immersed in a spectacular, grand-scale digital recreation of the Sistine Chapel's interior. Using ultra-high-resolution images from the Vatican Museum, as well as cutting-edge immersive projections, the story of salvation depicted in the famous frescoes come to life.
